Parley on Blockade Question

Plenty of Snags
In Thorny German
Issue; Chinese Reds
Seize Wuhan

NEW YORK, April 29—(AP)—Representatives of the United States and Russia will meet here at 4 p. m. (2 p. m. CST) today on the Berlin blockade question.

The meeting will be in the Soviet headquarters near Philip C. Jessup, U. S. ambassador-at-large, and Soviet Deputy Foreign minister Jakob A. Malik.

They met there last on Wednesday.

Today's meeting was requested by Malik. This may mean the Soviet representative has received a written reply from Moscow to a request which Jessup made Wednesday for a formal declaration of Russia's position on lifting the blockade. However, a U. S. spokesman said he had no knowledge whether Malik had received a reply.

This was regarded as the crucial meeting in the series that started privately last Feb. 15 when Jessup first approached Malik on the Berlin problem at Lake Success.

By The Associated Press
Washington diplomats said today plenty of snags still lie in the path of east-west agreement on the thorny German issue.

Observers said, despite hope for an early end to the Berlin blockade, statements by Secretary of State Dean Acheson and other top officials indicate Russia must make radical policy changes before any agreement can be reached.

The talks held to date by American Ambassador Philip C. Jessup and Soviet Deputy Foreign Minister Jakob Malik are reported to have dealt only with the blockade and arranging a foreign ministers' meeting—but not with what the four powers might accomplish in such talks.

Will Do All Possible
Acheson, in a New York speech last night, pledged that the United States will do its utmost if four-power talks with Russia are resumed, to work out a German settlement that is fair to all.

The secretary promised there will be no bargaining away of rights of 45,000,000 Germans in the west zones and the rest of Europe.

Acheson made it clear that it is up to the Russians to decide whether they want to unify Germany along the lines laid down by the western powers.

If not, he said, the U. S. is prepared to "continue to lend vigorous support to the western German program"—a separate state which would ignore Russia and the Russian-occupied zone.

Truce Arranged
In Berlin itself a truce was arranged today in the "battle of the barges." Russian officers who tried to halt traffic in the British sector canal locks said today they had orders to lay off Armed British military police still stood guard on the locks, however.

Several hundred Communist and anti-Communist German youths clashed in the former capital this morning. The skirmish, which took place in the American sector, apparently was inspired by a Communist pre-May Day meeting.

Elsewhere in the World:
Chinese Communist forces seized Wuhan, key point 40 miles north of Hangchow, the main prop for Shanghai, and were reported heading for Hangchow. If the Reds succeed in taking Hangchow, the great city of Shanghai would be sealed off by land.

In Manila, an angry constabulary went gunning today in the retreats of the Communist-led Hukbalahaps for the ambush killers of Mrs. Aurora Quezon, widow of the Philippines' first president, and 11 other persons.

There were cries from congressmen for martial law in the Huk country where Communist-led undergrounders once fought the Japanese.

Dewey Nurses Desire For Vindication

Friends Say The
Presidential Bug
Is in His System

By Henry Leader
ALBANY, N. Y., April 29—(AP)—Gov. Thomas E. Dewey, who bit the dust twice in running for president, nurses a deep-down desire for another shot at the White House.

This came out today when an unimpeachable source thoroughly familiar with Dewey's views disclosed that the 1944 and 1948 Republican standard bearer, contrary to frequent reports, has not decided to return to private life when his gubernatorial term ends Dec. 31, 1950.

Neither has the governor decided to try to continue in public life beyond that date.

In short, he has not made up his mind. He won't until he has to.

Close friends insist — and Dewey does not deny — that the presidential bug still is in his system.

Inclined Toward Career
This, plus other evidence at hand, has led friends to conclude that Dewey now is more inclined than not toward extending his career as a public servant — with a view to being in good position should he ever get a new crack at the big prize of politics.

Dewey himself said after his defeat by President Truman that he did not intend again to seek the office. The governor, often tagged as a realist, still cannot see any real prospects of winning the GOP presidential nomination a third time — under foreseeable conditions. But he knows that conditions change, often radically and quickly.

Wants Vindication
And those who know Dewey best report that:

1. His defeat last fall still rankles, and he longs for political "vindication."

2. He likes public office, with its power and prestige — and limelight.

3. He is genuinely interested in government problems.

4. He has a fighting spirit that never really surrenders.

Before his second term as governor expires, the choice of two political paths leading to a continuation of his public career might be his — another term as

Convention of Music Clubs Is Adjourned

Awards Made
At Banquet
Thursday Night

The Missouri State Federation of Music Clubs held its federation banquet at the Fifth Street Methodist church Thursday evening.

Mrs. E. A. Duensing, Jefferson City, state president of the Federation, presided.

After the invocation was given by Rev. H. U. Campbell, Mrs. Duensing introduced the state board members. Mrs. Homer Keith, of Sedalia sang three vocal solos, accompanied by Miss Lillian Fox, at the piano.

The presentation of awards was made. They are as follows: cup to Mrs. A. R. Beach, president of the Fifth district for an outstanding year; a cup to the Helen G. Steele Music Club for the club with the highest rating; and a cup to the Windsor choral club for its achievements.

Mrs. David F. Earle, of St. Louis, was introduced by the presiding officer, and she made the awards for the best three scrapbooks. The first place award of five dollars was given to the Olive Ewing Dallmeyer club, of Jefferson City.

Second place award to the Helen G. Steele Music club, of Sedalia, and third place award of honorable mention was given to the Springfield Music club.

Dr. Carpenter Speaker
Mrs. Duensing introduced the speaker of the evening, Dr. Marjorie Carpenter, of the humanities faculty at Stephens college in Columbia. Dr. Carpenter served for a year and half as Dean of Administration, prior to her teaching duties at the college. In the summer of 1948, she traveled abroad on a fellowship from the college, visiting Greece and other Mediterranean countries. It was this first hand experience that enabled her to tell the members of the convention the actual conditions of those war torn countries.

While in Greece, Miss Carpenter did graduate work in Athens on the fellowship she received from Stephens. She told of the strife and frustration that was hindering Greece and other European countries. In the course of her talk she described several beautiful operas she witnessed while there. Her descriptions of the music and acting was most realistic and impressive. In conclusion she said war could kill the people of the European countries but never the music that exists in their hearts.

Many Degrees
A graduate of the Missouri university, with A. B., B. S., and A. M. degrees, Dr. Carpenter received her Ph. D. at Radcliffe college, where she studied on a fellowship. She has also studied at Harvard university on a Carnegie scholarship in fine arts. McMaster university, where she served for seven years as Dean of Women and professor of fine arts, has honored her with an honorary master's degree.

After the banquet and program the members went to the First Methodist church, site of the business session, for the Past National Convention, of which Mrs. Wm. Ward, of Sedalia, was chairman.

White Breakfast
The White Breakfast held at the Bothwell hotel this morning was the climax to the three-day convention. Mrs. Tyree G. Newbill, of Kansas City, presided over the breakfast that honors the deceased members and particularly this time, Mrs. Edgar Sullivan.

Circus Within Prison Walls

SPRINGFIELD, Mo., April 29—(AP)—Probably for the first time in history, the inmates of a federal prison saw a circus—inside the prison walls—here this afternoon.

Clowns tried to be their funniest, elephants plodded through their full schedule of tricks and jugglers handled their Indian clubs with particular care—all for the entertainment of patients at the U. S. medical center for federal prisoners.

The circus, an indoor version of its outdoor big brother, is appearing here this week under the auspices of uniformed units of the Shrine. The performers donated their services.

Monsignor M. D. Tierney, chaplain at the medical center, arranged the circus performance, after securing permission of Dr. Ivan Steele, the institution's warden.

It's part of the institution's expanded program of recreation and rehabilitation for the inmates, who come here from all federal prisons for medical and mental treatment.

RR Engineers Strike May 11 Is Possible

B. of L.E. Reject
Recommendation of
Fact Finding Board

CHICAGO, April 29—(AP)—A railroad strike on May 11 by some 25,000 western carriers appeared possible today.

The Brotherhood of Locomotive Engineers paved the way for the walkout yesterday by rejecting a presidential fact finding board's recommendation. The board on April 11 denied the union's demand for a second engineer on multiple unit diesel locomotives.

Under terms of the National Railway Labor Act the engineers can strike on May 11, although a union official said "a strike is not the only alternative." He indicated the union might be agreeable to further negotiations with the railroads.

Had Authorized Strike
The union had authorized a strike against the 15 western carriers and set Jan. 31 for the walkout. However, naming of the fact finding board by President Truman delayed the strike. The railway labor act also provides a "cooling off" period of 30 days after the board's report to the president before a strike can start.

The union had claimed a second engineer is necessary on multiple-unit diesel electric locomotives for safety and efficiency. The present crew is an engineer and a fireman. The carriers claimed an extra engineer would be unnecessary and would be "made work."

No Basis For Demand
The fact finding board reported that the union's demand had no "reasonable or logical basis."

Tried Three Times to See Secret Report

FBI Agent
Makes Such Report
On Judith Coplon

By Karl R. Bauman

WASHINGTON, April 29—(AP)—Judith Coplon tried three times to see a "top secret" FBI report on Russian agents in this country, a government witness testified today.

The witness, William E. Foley, also testified that the espionage defendant was "very much disturbed" when she was told she no longer was to review FBI reports on internal security.

These reports covered such things as spying in this country and counter-espionage activities. Foley is chief of the Foreign Agents and Internal Security sections of the Justice Department.

As such, he was Miss Coplon's boss before her arrest with Valentine A. Gubitchev, 32 suspended Russian employee of the United Nations, in New York, March 4.

Withdrew Memorandum
The government offered for evidence, then temporarily withdrawn, a memorandum described as half true and half false. The government says the paper was "planted" for Miss Coplon.

Raymond P. Whearty, a government prosecutor, said in his opening statement yesterday that the memorandum was shown Miss Coplon on the morning of March 4. Whearty said handwritten notes from the memorandum were found in her purse when she was arrested that night.

Foley testified that he was discussing with Miss Coplon early in January "reports on certain Russian agents in the United States," and remarked that he had received another such report.

A Top Secret
"She asked when she could see it and I said I didn't know, that it was top secret," Foley testified. About a week later, Foley said, Miss Coplon again asked him when she was going to see "that top secret report." Foley said again he told her that he didn't know.

"About a month later—I believe the second week in February—she asked me again when she was going to see the report," Foley said. "I told her I didn't know, that another member of the department had the report and that it contained a lot of old stuff and not to worry about it."

Robert P. Brannville, the FBI agent who arrested Miss Coplon and Gubitchev said in a statement filed earlier in the trial that the defendant's purse yielded a statement saying she had been unable to get "the top secret FBI report on Soviet and Communist intelligence activities."

Hospital Calls For Blood Donors
The Bothwell hospital has called for blood donors and the response to the call of the Red Cross for blood is not enough to supply the need.

The Red Cross, the Bothwell hospital and the Medical Society are cooperating in an effort to have blood donors at the hospital when there is a need for blood.

Anyone willing to donate blood is asked to call the Red Cross office, telephone number 618, and make arrangements to be picked up and taken to the hospital by the Red Cross where their blood will be typed.

Symphony Board to Entertain Orchestra
The social committee of the Sedalia Symphony Board of Directors, will entertain the symphony orchestra members and guests with a banquet Monday evening at the Bothwell hotel.

Mrs. George Loverson is chairman of the banquet and is assisted by Miss Wanda Stephenson, and Mrs. C. A. Wright. Rev. H. U. Campbell will preside over the program. Others on the social committee are: Mrs. H. C. Johnson, Mrs. Fred Ross, Mrs. Henry Salveter, and Mrs. Duane Ewing.

Stock Exchange Membership Low
NEW YORK, April 29—(AP)—Arrangements were completed today for the transfer of a New York Stock Exchange membership at \$36,000, a drop of \$5,000 from the previous sale.

The amount was the lowest since March 8, 1943, when a sale was arranged for the same amount. The highest this year was \$47,000 on Jan. 20.

College Faculty Member Dies
FULTON, Mo., April 29—(AP)—Mrs. H. Lee Whitlow, 53, secretary treasurer of the National William Woods College Alumnae association, died last night after a long illness.

Mrs. Whitlow was graduated from the college in 1913 and four years later joined the staff of the association as secretary. She also edited "Echoes" the alumnae publication.

Belts Place
BELTSVILLE, Md., April 29—(AP)—Maryland State Police were called to a Baltimore and Ohio Railroad crossing here about 4 a. m. today to investigate what they thought might be a suicide or murder attempt.

They found an amorous young couple who unwittingly chose the crossing for their (S) parking place.

Blue's Ears Are Growing Big, Like His Dad's

Every day, Blue's ears get larger and larger. During the past sixteen days, his floppy ears have grown two inches, averaging approximately three sixteenths of an inch each day.

Blue's ears were measured this morning. The ruler showed that his ears were now 14 1/2 inches from tip to tip. Blue's dad, Smokey River Blue has ears 23 inches long from tip to tip.

Blue was born on February 3, at Ashton, Kas., and on the way to Sedalia riding in an automobile he got car sick, but this morning the way he was playing around, he must be in good health now.

He is a pretty little thing, bluish colored with black spots with solid white color on his tail with two tiny brown circles over his eyes.

Right now he is sorta fussy about his meals just being weaned from his mother recently, but he likes to lap up milk, even if his ears get in the way occasionally.

Blue was bred to catch coon, cat, lion, and bear, but before he starts this task, mostly of catching coon, his owner will send him to a farm so he can get some experience.

Blue is a registered Bluetick coon hound pup, owned by Clarence L. Bremer, 228 South Vermont avenue.

Important Events In World News

BERKELEY, Calif., April 29—(AP)—A small earthquake, centering about 35 miles from Berkeley, probably southward, was recorded on the Berkeley seismograph at 9:22:54 a. m. today.

Dr. Perry Byerly said the shock lasted about one minute on the record.

WASHINGTON, April 29—(AP)—W. Averell Harriman told senators today the North Atlantic pact is creating "a growing wave of confidence" in western Europe.

Harriman, special representative in Europe for the Economic Cooperation Administration, testified before the Senate Foreign Relations committee. He urged ratification of the treaty and approval of an arms-aid program for the pact nations.

WASHINGTON, April 29—(AP)—The present farm program may run on for another year, with an amendment permitting "production payments" for hog farmers.

This emerged today as a possible compromise of bitterly-clashed proposals for long range protection of agricultural income.

WASHINGTON, April 29—(AP)—State Department officials said today the United States expects to develop "working contacts" with Chinese Communist officials but this does not mean recognition or approval of their regime.

This comment came here after a British foreign office spokesman said Britain is trying to establish "friendly relations" with the Chinese Communist government.

DETROIT, April 29—(AP)—The Hudson Motor Car Company today appealed to President Truman for intervention in a 10-day strike at Bendix Aviation Corp. in South Bend, Ind.

The Bendix firm supplies brakes to the auto industry and the South Bend strike by United Auto Workers (CIO) already has resulted in shutdowns of three major auto producers, Packard, Kaiser-Frazer and Nash.

Heavy Rainfalls In Some Areas
CHICAGO, April 29—(AP)—More rain fell over southern and western areas today. Some heavy falls were reported in parts of the southern wet belt.

The narrow band of precipitation extended from the Carolinas west-southwest to Louisiana and eastern Texas. Nearly two inches of rain fell in Macon, Ga., and Chattanooga, Tenn., reported a fall of nearly 1 1/2 inches.

Skies generally were clear from the plains states to the New England states. Warmer weather spread over most of the midwest.

ST. LOUIS, April 29—(AP)—A flock of geese stuck on Okla. oil pond are fed from the air.

CUSHING, Okla., April 29—(AP)—A flock of geese stuck on an oil pond got air feeding today while ways and means of getting them loose were devised.

Municipal airport manager John Kenworthy flew over the two-acre pond to drop 20 pounds of corn in the hope the birds can be kept alive until "Operation Blue Geese" gets a chance to work.

That rescue plan was to go into action later in the day. A slighted on the sludge sometime Tuesday night. Mercy killing of the birds is against the law. This isn't the geese season.

Refuse to Repeal T-H Law

Proposal Voted Down
By House 275-37;
Big Test on Wood
Bill Still Ahead

WASHINGTON, April 29—(AP)—The House refused emphatically today simply to repeal the Taft-Hartley law and go back to the original Wagner Labor Relations act.

The proposal was made by Rep. Marcantonio (AL-NY) but was voted down.

The roll call count against it was 275 to 37.

The House got around to its first votes after four days of debate on a new labor law.

Still ahead was the big test—whether a substitute offered by Rep. Wood (D-Ga.) would be taken instead of the administration's bill.

The administration bill would repeal Taft-Hartley and put in its place a revised version of the Wagner law. Wood's bill would repeal the Taft-Hartley name, but keep many of the law's major provisions.

After Marcantonio's proposal was brushed aside, the House settled into further jockeying over Wood's bill.

Rep. Cavalcante (D-Pa.) who opposes the bill, proposed the insertion of a civil rights provision. That was shouted down amid jeers from backers of the bill.

Rep. Powell (D-NY), a Negro, opposed the Cavalcante amendment. He said it was a political maneuver, and that he objected to making civil rights a "political football."

Rep. Kelley (D-Pa.) floor manager for the administration bill, tried to get a quick vote on the Wood bill. He moved that a vote be taken by 3:15 p. m. (EST), but the House turned him down 201 to 119.

Anti-administration forces appeared firmly in voting control at this juncture.

Off the floor, there was continued rumbling over President Truman's broad hint that Democrats who do not support the administration on this issue need not look for any political plums.

One House leader said privately that the President "test votes" for the administration's bill by tying it in with political patronage. But he still predicted the administration's measure would be passed.

Marcantonio's move put three principal choices before the House: (1) The administration bill to repeal the Taft-Hartley act with several revisions; (2) a substitute, offered by Rep. Wood (D-Ga.) which would keep a large part of the Taft-Hartley law, and (3) Marcantonio's bill.

Marcantonio said his bill "brings before the House for the first time" the issue of the debate. He asserted:

"A vote for this is a vote on your campaign promises. If you vote against it, you are wesseling on your promises. This is it."

Rep. Howard Smith (D-Va.), a supporter of the Taft-Hartley act and the Wood bill, applauded. He said Marcantonio "has brought to the House the real issue—whether to go forward with the Taft-Hartley act or go back to the Wagner act with all its Communist controls."

The president indicated to the newsmen yesterday that only law makers who support the Democratic platform including repeal

What Is Peace?

Peace is the most widely discussed topic in the world today. Everybody wants to see a real and lasting peace among nations. But unfortunately many who talk about peace seem to have no idea as to what peace is or what it entails.

Peace is not just the absence or aggression or insurance against destruction. It has nothing to do with planning an economy to satisfy men's physical needs. Peace does not depend upon the encouragement of art or culture. It may be aided by, but it is not dependent upon, peoples' respecting one another's traditions or mores.

We shall not begin to build peace until we realize that peace can neither be created nor preserved by material means alone. Peace, after all, is a spiritual condition. It is founded upon the greatest of all spiritual intangibles—the love of God. Only men who love God, and thus keep His commandments, know and enjoy peace. And only when nations recognize God's supreme dominion over their affairs will the world's craving for security and contentment be satisfied.

The seeds of peace must first be sown in individual hearts. In proportion to the number of those who truly love God will be the growth of peace throughout the world. No statesman, scientist, or economic planner can help the cause of peace unless his thoughts and actions are predicated upon the promulgation and acceptance of the primary principles of justice, morality, and reverence for God and His creatures.

Greed, cruelty, and the lust for power are the chief enemies of peace. Eradicating these evils means promoting and encouraging their opposites—unselfishness, love, and the spirit of generous service to others—among the masses of people everywhere. The promise of peace must be presented, not as a gift that comes miraculously from Heaven, but as a blessing and consolation that will be won by the self-sacrifice and devotion of unnumbered millions of God-fearing and God-respecting men and women. Peace is everybody's job.

Sunday School Lesson

Jesus—Master, Savior and King.

By William E. Gilroy, D. D.
During the last journey of Jesus to Jerusalem, through the region of Perea, "beyond Jordan," Jesus spoke with hitherto unaccustomed definiteness of the dangers that awaited Him, and of His sacrificial death. The disciples failed to understand His words, however, and apparently still looked toward His establishment of an earthly kingdom.

But how the time had come for His public commitment and the fulfillment of His ministry. Previously Jesus had shown great reluctance to public full commitment. When the disciples, or at least Peter, hailed Him as the Messiah, His charge was that they should tell no man. When the multitudes thronged upon Him, seeming to force some fuller commitment, He retired to the mountain, or desert, or took refuge in a boat on Lake Galilee. The record is that "His hour had not yet come."

We cannot know what was the inner consciousness of Jesus, but now, with equal conviction, He knew that the hour had come. Instead of retiring, He moved where the multitudes were. He accepted their homage and plaudits, as they cast their garments in the way and hailed Him with their "Hosannas." He, who had been Master and Teacher, now became Savior and King. "Blessed be the King that cometh in the name of the Lord."

The Messiahship of Jesus was now fully proclaimed, though His ministry was yet to find its fulfillment in His death and resurrection. One cannot read the record of that triumphal entry into Jerusalem without a sense of the amazing nature of that unstaged

pageant, the holiest and most moving procession in all history. But deep is the sense of the contrast between that holy event with its serene enthusiasm of the people on the one hand, and the ravements of a few days later, as others, aroused to hatred and fear, sent Jesus to the Cross.

The significance of that last triumphal entry into Jerusalem was not all in that great, spontaneous religious pageant, in which Jesus publicly accepted the acknowledgment as Messiah and King. This public commitment had deeper and more serious meanings, more serious at least in terms of His personal danger.

It was not without reserve that Jesus attacked the evils and hypocrisies of His time, especially the hypocrites of the professed religious authorities and leaders, who ought to have been the foremost defenders of righteousness.

In words that have never been surpassed in the intensity of their invective, He pronounced the woe and judgment of God against the professedly religious who devour widows' houses, while they made a pretense of long prayers (Matthew 23). He launched out against the formalism of a religious profession that neglected judgment and mercy and faith.

His attack was not on the forms of religion. "These things ought ye to have done," but upon the leaving undone of all that the forms professed. "Ye serpents, ye generation of vipers, how can ye escape the damnation of hell?"

Those who think that Jesus had no social mission and message might well consider the utterances of that last week. It is hypocrisy to profess allegiance to Him as King, unless we accept Him as Savior.

CHRISTIAN SCIENCE CHURCHES

"EVERLASTING PUNISHMENT" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 1, 1949.

Golden Text: Rom. 6:16.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Beloved, follow not that which is evil, but that which is good. He that doeth evil hath not seen God." (III John 1:11) The Lesson-Sermon also includes the following passage from the Christian Science Textbook: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Reform comes by understanding that there is no abiding pleasure in evil, and also by gaining an affection for good according to Science, which reveals the immortal fact that neither pleasure nor pain, appetite nor passion, can exist in or of matter, while divine Mind can and does destroy the false beliefs of pleasure, pain, or fear and all the sinful appetites of the human mind." (p. 327)

FREE METHODIST, Thirteenth and Marvin streets. Rev. Jesse A. Himes, pastor. Sunday school 9:45 a. m. Morning worship 10:45. Young people's service 7:00 p. m. Evening worship 7:45. Mid-week prayer meeting on Wednesday evening at 7:30.

Correct Posture Week May 1-7

WEBSTER CITY, Iowa, April 29 — Persons and organizations dealing with child health and welfare will be welcomed to participate in National Correct Posture Week programs, May 1 to 7. Dr. L. M. Rogers, executive secretary of the National Chiropodiatric Association, Health Week sponsors, announced Thursday.

"Training in correct posture, as in so many other valuable things, comes naturally and easily in childhood," Dr. Rogers said. "When faults develop early through incorrect training or no training at all, they are infinitely harder to correct in later life, and we never know when they will leave some lasting injury unless corrected in early life. If we could train just one generation to walk and

st and stand correctly we would render a national health service comparable to the development of public sanitation."
Schools, Boy and Girl Scouts, 4-H and similar groups will be asked to participate in programs to demonstrate to the public the relationship of correct posture to good health.

Sedalia's Drive-In Theatre, 50 Hiway, Opens Tonight

Such Theatres Make Many New Fans; Get In Car At Home, Don't Leave It

The 50 Hiway "Drive-in Theatre" located 2 miles west of Sedalia on highway 50 is sure to make many new motion picture fans, for it gives many people unable to attend shows before, an opportunity to enjoy their favorite stars.

The outdoor theatre makes it possible for invalids, elderly people, and others who for various reasons cannot dress up and go downtown to an indoor theatre, to now get into the family car, drive

to the drive-in theatre, and never have to move or be moved while seeing the entire show. Just get in the car at home—get out at home. J. D. Braunagel, general manager of Commonwealth Drive-In Theatres states that in the Crest Drive-In Theatre in Kansas City one bed-ridden patron comes to the show on the bed of a large truck on which he has a regular hospital bed placed. The bed is cranked up—the truck backed into the parking ramp in the theatre, and now this lifetime bed-fast man can for the first time enjoy shows. He was in attendance at the Crest opening night—and attends almost every change of program when the weather is warm.

Deaf Persons Enthusiastic
Hard of hearing also are enthusiastic with the drive-in theatre. The in-car speaker makes it possible to turn up the volume in your own car without annoying others, and the position of the speaker in the car makes it possible for those hard of hearing to get right up to it—yet not be out of position to see the screen perfectly.

Expectant mothers also find the Drive-in the place to go. No dressing up—for they just sit in the car. Also new mothers have had to stay home for lengthy periods after the newborn's arrival, due to feeding time, and the worry of leaving the new tot with a stranger. Now, bring the new-comer with you in his basket to the drive-in on Highway 50 in Sedalia, and when it comes feeding time, have Dad bring the bottle to the Snack bar, where it will be warmed free for you. Baby cries? That's no problem, you won't disturb your neighbor, for he has his own in-car speaker too.

These are just a few of the reasons the Drive-In Theatres throughout the nation are creating new showgoers, giving everyone now the opportunity to enjoy the many fine productions Hollywood has been producing.

Snack Bar Is An Attraction At The Theatre

One of the most popular spots at the new 50Hi-way Drive-In Theatre will be the large snack bar, located at the center of the drive-in. There drive-infans will find everything in the way of refreshments to make their evening complete.

Stan Stomum, who last year managed the Riverside Drive-In, Kansas City snack bar is in Sedalia to give his experience to making the 50 Hi-way Drive-In refreshment center more convenient and better than any other. Mr. Stomum is young in years, but old in theatre experience, as it can be said he "grew up" in the theatre. His father, Paul Stomum, has been a manager of Commonwealth Theatres in different cities for the past 20 years.

Stan Stomum announces one new feature that will greatly help give faster service to patrons, who visit the stand during intermissions, or who don't want to miss much of the show. He is installing a cafeteria style of service. Patrons can go to the stand help themselves to anything they wish on the stand, pay the cashier and quickly return to their car.

Theatre Available For Local Use At Any Time

The management of the 50 Hi-Way Drive in wants the outdoor theatre to become a real part of the community. Ed Kirk, manager, states that should any organization wish to use it during the day for large meetings, or gatherings it will be made available to them.

Should any local church organizations wish to hold special services—such as an Easter Sunrise service in the Drive-in, he feels the Drive-in is ideal. The speakers can use the public address system, thru the in-car speakers, so that even if the weather is not good, the large crowd can sit in their car and hear the entire program offered.

Mr. Kirk especially states that he hopes that Sedalia churches will group together to put on a giant Easter Sunrise service next year in the Drive-in. "This has proved very successful in many other cities where drive-ins have been built," states Mr. Kirk.

Drive Carefully In Out Door Theatre Ground

"Please drive slowly in entering or leaving the drive-in theatre," cautions Ed Kirk, local manager. "There are always many children attending a drive in theatre, and it is up to the driver to prevent any injuries. We have made the drive-in theatre as safe as possible. When the picture is on, blue moonlight lights throw a dim glow over the area, that does not affect the picture enjoyment, but makes it possible to drive thru the area without lights and still see. Flood lights are thrown on during the intermissions, and there will always be plenty of attendants on

hand to direct you. When you attend the 50 Hiway drive-in, your looking for pleasure—what's the hurry anyhow?"

Complete Field For The Auto Races Sunday

Winkley Reports All Sections of Country Will be Represented

The complete field for this Sunday's National Championship Big Auto Races at the Missouri State Fairgrounds in Sedalia was announced today by officials of the International Motor Contest Association who arrived in Sedalia to handle the events.

Frank R. Winkley, Minneapolis, Minn., race referee, in commenting on the entries stressed the fact that it was one of the largest and fastest fields ever to compete in the Midwest with six big Offenhausers listed among the score of entries.

Jimmy Wilburn, Indianapolis, Ind., will bring two cars to the competition while "Peaches" Campbell, Tulsa, Okla., also has two machines entered.

West Coast Drivers Representing the west coast are "Wild Bill" Anderson, Long Beach, Calif., and Murray Earl, San Jose, Calif., while the other side of America will be represented by the Snyder Brothers, Billy and Hank, who originally came from Saint Paul, Minn., but who have been competing in Florida during the past winter.

Youngest driver in the field will be George Swangler, Grand Forks, N. D., who at 21 is in his second year of racing competition. Smallest competitor will be little Phillips Mocco, flashy Italian chauffeur from Saint Louis, while honors for the largest competitor rest between Anderson and "Blazing Ben" Musick, Dallas, Texas, both of whom tip the scales at over 250 pounds.

Other top drivers competing will include Emil Johnson, Austin, Minn., "Rabbit" Musick, Dallas, Minn., "Red" Ballew, Moberly, Mo., Bill Hoff, Saint Paul, Minn.; Al Ketter, Quincy, Ill., and Geo. Marshman, Yerkes, Pa.

Track in Good Condition Gene Zeimet, chief track engineer, reported that the raceway would be in lightning fast condition with this week's rains adding a great deal in the conditioning process. He also reported that rain Sunday morning would not interfere with the events since the raceway could be dried and ironed out in an hour's time even with the heaviest of downpours Sunday morning.

An electric eye timing device will be used and officials predict that all Missouri records will be shattered.

Lions club officials report a heavy advance sale of tickets but are prepared to handle any size crowd. Adequate free parking space will be provided.

Over 30 Schools to Take Part in District Track Meet

SPRINGFIELD, Mo., April 29.—(AP)—The annual two-day district track and field meet at Southwest Missouri State college was scheduled to open here today.

Class B and C schools were to see action today and tonight and Class A teams will compete tomorrow. More than 30 schools will take part in the two-day events.

Greatest Mass Play in History

WICHITA, Kas., April 29.—(AP)—Some 750,000 semipro players will take part in National Baseball Day opening Sunday, the National Baseball Congress predicts.

And among some 400,000 eligibles in the opening games, it adds, there's one destined to become the "Nation's No. 1 Sandlotter."

Players 21 years old or younger will be eligible for the award. It will climax the 15th Annual National Semipro tournament here, Aug. 19-31.

The winner will be the guest of J. G. Taylor Spink of St. Louis, global semipro commissioner, at the world series.

To win, the baseball youngster must have an all-state certificate and be named to the all-star team of 16 players for his own state tournament; then must turn in the top performance for his age group in the national tournament.

More town teams have been organized in the United States and Canada this year than ever before, the Congress reports. It predicts Sunday's opening will be the "greatest mass play in the history of athletics."

Indianapolis Defeated Blues

By The Associated Press
The American Association attendance trophy belonged to Kansas City today, although Indianapolis dimmed the luster of the Blues' home opener before 14,620 fans by snaring a 13 to 6 baseball decision.

Kansas City had a bulge of 554 over Columbus' figure in its home opener yesterday. When the western AA teams opened in the east recently Columbus attracted 14,066 fans to Red Bird stadium in a bid to retain the attendance trophy it won last year.

In other games yesterday, league-leading St. Paul won its sixth straight game without defeat in downing Columbus 2 to 1. Milwaukee trounced Toledo 9 to 1, and Minneapolis nipped Louisville, 4 to 3.

At Kansas City, Mel Queen, Indianapolis lefthander, speared his second victory of the season while the Indians blasted five Kansas City pitchers for 12 hits. Dale Coogan, led the Indians' hit spree with a home run, double and two singles.

Columbus and St. Paul were tied at 1-1 when Mel Himes, Saints' pitcher, hammered a home run in the eighth to win his own game.

Today's Schedule:
Columbus at St. Paul afternoon.
Toledo at Milwaukee night.
Louisville at Minneapolis afternoon.
Indianapolis at Kansas City, night.

Golf Professional Died in Kansas City

KANSAS CITY, April 29.—(AP)—Joe F. Mathews, 65, veteran golf professional, died at his home here last night shortly after suffering a heart attack at the Mission Hills Country club where he had been pro 28 years.

Among his former students are Horton Smith and Jug McSpaden, tournament professionals.

He was born in Albany, N. Y., and began his golfing career in 1896 as a caddy at the Fairview Country club in Tuckahoe, N. Y.

He served at the Hampton Terrace hotel course, Augusta, Ga., and at York Beach, Me., before coming here in 1913. He served at two clubs here before becoming pro at Mission Hills in 1920.

He qualified for five National Open tournaments and four National PGA events.

Brown-Graham May Get Return Match

The wild and woolly world heavyweight wrestling title match waged between the defending titlist Carville Brown and Cowboy Roy Graham, the challenger, in the local armory on Wednesday night has created a considerable disturbance in the office of the N. W. A. secretary Pinkie George at Des Moines.

After their free-for-all following the match here last Wednesday, Brown sought out Matchmaker Pearl Christy and demanded that Graham be forced to return to the ring and settle their differences. Graham flatly refused to budge from the dressing room.

Brown later filed an oral protest with the N. W. A. secretary and cancelled a match in Columbus, Ohio, to remain in Missouri for a chance rematching with Graham.

If Brown and Graham can be re-matched, providing Graham agrees to it, Brown has indicated he will give the Texas Cowboy a lesson or two in roughness. "I'll beat the daylight out of him," Brown was quoted as telling Christy.

Brown, the recognized N. W. A. heavyweight champion, has already signed to meet Graham. The latter's signature is needed.

Central College Defeated Westminster at Track

FULTON, Mo., April 29.—(AP)—Central college, paced by Bob Sears who scored 11 1/4 points, defeated Westminster college 90 1/2 to 45 1/2 in a dual track meet here yesterday.

Leo Durocher Again is in Hot Water

BULLETIN
CINCINNATI, April 29.—(AP)—Leo Durocher, manager of the New York Giants, was suspended indefinitely today by baseball commissioner A. B. Chandler.

The suspension was the result of a disturbance following the game yesterday between Brooklyn and New York, when Durocher allegedly struck a fan.

Durocher was ordered to appear before the commissioner in Cincinnati May 3. "The commissioner is making a complete investigation of the case," Walter Mulbry, baseball secretary, said in announcing the suspension.

By Ben Phlegar
NEW YORK, April 29.—(AP)—Leo Durocher was in hot water again today, but nobody knew just how hot.

The quick-tempered manager of the New York Giants was accused by a Brooklyn fan of punching and kicking him yesterday at the Polo Grounds. Durocher, however, denied he hit anybody.

From a hospital cot, the fan—22-year-old Fred Boyesen—said he would bring charges of assault against Durocher.

Boyesen, a vociferous Brooklyn fan, said he was attacked on the playing field after Durocher's Giants had been whipped, 15-2 by the Dodgers.

Durocher gave this version of the incident: "As I was crossing the field to the dressing room I recall somebody snatching at my cap. I grabbed it back and kept walking. This sort of thing happens every day. I was surrounded by members of the Giants team and there were hundreds of spectators on the field. Do you think I could knock somebody down in front of them?"

A quiet Durocher, shielded from cameramen by his players, boarded a 9 a. m. (EST) train for Boston without further comment.

Boyesen—a war veteran—said he had been razzing the Giants' manager from a box behind the New York dugout. He gave this version: "After the game my cousin and I went on the field. We were passing first base on our way over to talk to Jackie Robinson. Durocher came up behind me. He grabbed me and punched me. As I tried to get up—I was dizzy—he kicked me in the stomach."

The incident assumed added importance because of Durocher's stormy career.

He was banished from the 1947 season by Commissioner A. B. Chandler for conduct detrimental to baseball. Durocher was then manager of Brooklyn.

In July, 1945, he was charged with felonious assault upon a spectator at a Brooklyn game. The fan claimed Durocher beat him black and blue while a special Ebbets Field guard held him. Durocher was acquitted.

The Ohio legislature is considering whether a quail is a singing or an eating bird.

If they decide it sings, hunters won't be allowed to kill it. If they say it's for eating, they will designate an open season on it.

Hunters in Ohio hope for thrills—not trills.

A 10-year survey at Franklin N. J., high school discloses that athletes make better scholars than non-athletes.

They know the score.

Clubs sign almost any southpaw, figuring, no doubt, they'd like to have any old pitcher in a storm.

Browns Will Play Host to White Sox

St. Louis Team Has Record of 3 Wins, 7 Defeats

By The Associated Press
The St. Louis Browns, returning home tomorrow for a 17-game stand, will present a more respectable front by virtue of two straight victories over the Detroit Tigers.

At Detroit yesterday the Browns survived a grand slam homer by Rookie John Groth and went on to win 9 to 6 behind Ned Garver and Bob Malloy. That gave the Browns a record of three wins and seven lost. The seven losses occurred in an unbroken string after victory on opening day.

Beginning Saturday the Browns will be hosts to the Chicago White Sox and then New York, Washington, Boston, Philadelphia and Detroit.

In the National League the Cardinals are in the middle of a bunched-up assortment of teams all within reach of first place. One game out of the lead, the Cardinals are tied with Cincinnati for fifth.

Eddie Fier and Co. defeated Pittsburgh 4 to 2 yesterday when Alpha Brazle rang up his second victory of the season without a loss. That makes him the ace of the staff, as the Cardinals have won only two other games. Brazle was touched for eight hits and his mates got the same number. Enos Slaughter singled the Redbirds into the lead in the seventh.

The Cards play at Chicago today, with Red Mungler going against Johnny Schmitz.

Two Day Track Meet On at Des Moines

By Ted Smith
DES MOINES, April 29.—(AP)—Don Gehrmann set out on the heroic task of anchoring four Wisconsin teams as the 40th annual Drake Relays opened today with perfect weather for record breaking indicated.

The two day track meet drew 1,876 athletes from 179 schools, 71 in the university and college divisions and the rest high schools.

The big team favorites are Wisconsin, Oklahoma A&M, California, Michigan State, Missouri and Texas A&M.

Nine relay records are threatened. Gehrmann may figure in two of these, the university mile and two mile relays.

outs, or others having a desire to make the club are urged to attend.

The Chiefs hold their first league game May 8, against Mexico. All the teams that compose the Central Missouri Ban Johnson league are having practice sessions and a report shows that stronger and faster teams are expected to compose the league this year.

Sedalia, Mexico, Boonville, Jefferson City, Columbia, Moberly and Chillicothe, which begins play in this league as a freshman taking the place of Marshall and Brookfield, are the teams that make up the Ban Johnson league.

Pirates Lose To Cardinals 4-2 Thursday

Alpha Brazle Let Down The Pirates With 8 Hits

By Jack Hand
(Associated Press Sports Writer)
American league pitchers, beware! Ted Williams has found the home run range.

While rookies Johnny Groth and Jack Graham and teammate Vern Stephens battered the fences, Teddy had to be content with singles and doubles. Now he's back in the groove.

Williams had a big day yesterday with his first homer, a single and three walks for a perfect day against Philadelphia. He drove in five runs during the afternoon's festivities at friendly Fenway park.

Important Series
Led by Williams, the Sox thumped the A's, 12-5, for a clean sweep of the two-game set. Now they move on to New York for an important series with the Yankees.

The Yanks warmed up for the Boston series by downing Washington, 6-2, behind Ed Lopat. The chunky lefthander, supposedly a slow starter in the spring and a great hot weather pitcher, now has won three straight.

Rookies Dick Kryhoski, with two singles and a triple, and Gene Woodling with a single and triple, led the attack on Rae Scarborough for the Yanks' 8th win in ten starts.

Browns Whip Detroit
Groth and Graham each hit their fourth home runs as the St. Louis Browns whipped Detroit, 9-6. Groth got his with the bases loaded, his second grand slam, to send the Tigers out front in the third inning.

Both Stan Rojek of the Pittsburgh Pirates, hit on the head at St. Louis Wednesday night and Bob Elliott of the Boston Braves, injured at Philadelphia Wednesday, were out of action yesterday.

Pete Castiglione filled in for Rojek, getting three hits, as the Pirates lost to the St. Louis Cardinals, 4-2. Alpha Brazle, ace of the Card staff, at the moment, copped his second straight. The lefty set down the Pirates with eight hits.

Another Injured
The Pirates lost another infield regular when Danny Murtaugh twisted his ankle and had to be helped off the field in the sixth inning. He said later it was not serious.

Elliott's place was taken by Connie Ryan, who contributed two hits in Boston's 6-1 romp over the Phillies. Vern Bickford allowed only three hits, all singles, in outpitching Jocko Thompson.

Brooklyn bombed the New York

Giants, 15-2, moving into a first place tie with the Braves. While the Chicago Cubs, 2-0, with seven hits. Johnny Wyrostek, on a hitting spree, scored both runs. Walt Dubiel was the Chicago loser. Ken Raffensberger, Cincinnati's.

GOP Group For Slash In Spending

Senate-House Committee Fires Charge at Council Of 'Propaganda'

WASHINGTON, April 29 (AP)—Republican members of a Senate-House committee Thursday night accused President Truman's economic advisory council of peddling "political propaganda" in support of his ideas for a stable economy.

The GOP minority of the joint economic committee fired the charge in a report assailing Mr. Truman's general stabilization program. That program presented in January calls for a \$4,000,000,000 tax boost and for standby authority to restore wage and price controls on a limited basis.

"We reject the basic philosophy of the President's economic report which, in effect, recommends that we set up in this country a planned and controlled economy and increase taxation for that purpose," the Republican group declared, adding:

"We see no immediate evidence of further serious inflation." The GOP Congress members outlined a substitute eight-point program topped by a demand for a cut in federal spending "so that there may be no necessity for an increase in taxation," and even a "reduction in the tremendous burden of taxation if the international situation improves."

Recommended Study
Last month the Democrats on the joint committee brought out a report which generally endorsed the President's economic program but recommended further study of his tax boost proposal.

Most of Mr. Truman's program is on the shelf in both the Senate and the House. There is no present indication of any action on much of it.

These Republicans signed today's minority report: Senators Taft (Ohio), Flanders (Vt.), Watkins, and Reps. Wolcott (Mich.), Rich (Pa.) and Herter (Mass.).

In a sub-title of the minority report headed "Use of economic report for political propaganda," the Republicans said:

"We feel that the report of the economic advisors shows quite a few signs of political influence." Citing an example of what they have in mind, the GOP members added:

"Repeated attacks made on the tax reduction of 1945 adopt not only such economic arguments as can be brought into play, but rely heavily on the political arguments made against that reduction."

That was a reference to the Republican-written income tax-cut bill which Congress passed last year over Mr. Truman's veto.

The minority committee also said the economic advisors, in their report, had repeated "the campaign arguments that the Commodity Credit Corporation was denied necessary storage facilities, a charge which has been completely refuted so far as any effect on 1948 prices or marketings were concerned."

Substitute Program
The Republicans added:

"With due respect for the President's economic advisers, we believe x x x that government economists are often moved by political considerations which affect their economic judgment x x x."

Besides a cut in federal spending, the substitute program the Republicans outlined calls for:

1. Continued government control of general banking and credit policies through the Federal Reserve Board "in such a manner as to check tendencies which have developed toward 'inflation or deflation.'"

2. Expansion of the public works program "if there appears to be too great a deflation," and application of the program "if other construction appears to be normal."

The Republicans put it this way: "We see no need at the moment for further selective controls (such as wage and price restrictions), but if such need arises it should be dealt with by Congress in specific and limited fields with the greatest protection of liberty."

3. Keeping the government constantly on the alert to prevent monetary policy and the collusive fixing of prices."

4. Continuation of a price support program for farm commodities "to prevent the development of a depression through a complete collapse in agricultural prices."

Without mentioning the administration's new farm program, the Republicans said the price support program "should be directed not as a relief measure or a guaranteed income equality for individuals, but as a major weapon against distortion between urban and rural areas which could bring collapse to the entire nation."

5. "An active interest" by the government in "the development of housing, particularly in the stability of the housing industry and the reduction in cost."

Awards At Minstrel Show

The "Atomic Minstrels" of the Sedalia Shrine club finished their final performance before a full house at the Liberty theater Thursday evening.

The winners of the Mother Goose popularity contest were announced. They were Janice Erickson, daughter of Mr. and Mrs. John W. Erickson, of 1000 West Tenth street, and Larus Gray Durnell, son of Dr. and Mrs. O. J. Durnell, 1200 West Tenth street. They were presented with loving cup trophies by Miss Margie Struve, director of the show who was introduced by Herb Studer, the master of ceremonies.

The winners of the "ladies" fashion show were also presented with their awards of merchandise donated by Sedalia merchants. The three winners were Frank Coffman, John T. Loague, and Floyd Kuerl. They were chosen by audience applause for the comic "fashion" which they modeled.

The proceeds of the show will go to the fund for the activities of the Sedalia Shrine club.

Fatally Injured While Blasting

PILOT GROVE, Mo., April 29—(AP)—Homer Chamberlain, well known Cooper county auctioneer, was injured fatally Thursday in a dynamite explosion.

He was using the dynamite in blasting post holes in the barn lot at his farm about a half a mile from here. Witnesses said he received the full charge of a blast when he went to investigate the delay in an explosion at one of the holes. He lived about 30 minutes.

Survivors include Mrs. Chamberlain; four daughters, Mrs. Randall Howell, Mrs. Kenneth Esser and Mrs. Hortense McDaniel, Booneville, and Mrs. Wayne Hickman, Fayette, and son, Leslie Chamberlain, Fayette.

Report Rejected By Engineers

CHICAGO, April 29—(AP)—The Brotherhood of Locomotive Engineers Thursday rejected presidential fact finding report denying a second engineer on diesel locomotives.

The action left the B.L.E. free to call a proposed strike against 15 western railroads May 11. But the union indicated such steps was not likely.

James P. Shields, assistant grand engineer of the union, said "A strike is not the only alternative."

Shields said "The general chairman of the union, in consideration of the report of a presidential fact finding board, unanimously voted to reject the recommendations of the board and have instructed me to write a letter to President Truman informing him of our decision."

More Money For Lending

Federal Reserve Board Lowers Requirements

WASHINGTON, April 29—(AP)—Federal Reserve Board Thursday lowered the reserve requirements of its 7,000 member banks by \$1,200,000,000 making more money available for lending.

This was the fourth step taken by the board in two months to combat developing deflationary forces as reflected in lowered prices, production sales and employment.

The lowered requirements will become effective next week.

The reduction in the amount that various classes of banks must turn over to the Federal Reserve Banks as reserves—there by freezing them out of the lending stream was as follows:

New York and Chicago banks—the proportion of checking account deposits which must be kept in reserve is cut from 26 per cent to 24, effective May 5; the proportion of savings deposits required to be held as reserve is reduced from 7 1/2 per cent to 7; also effective May 5.

"Reserve" banks (those in large cities other than New York and Chicago)—checking account reserves cut from 22 to 21 per cent, effective May 5; savings reserves reduced from 7 1/2 to 7 per cent, also effective May 5.

"Country" banks—checking account reserves reduced from 16 to 15 per cent, effective May 1; savings reserves from 7 1/2 to 7 per cent, effective May 1.
